

Bozeman Yellowstone International Airport

Advertising Policy

I. Purpose and Objectives.

The purpose of this policy is to provide guidelines for the sale of advertising space at the Bozeman Yellowstone International Airport (the "Airport") by the Gallatin Airport Authority ("GAA"). GAA's objectives in managing its advertising program are to optimize revenues to GAA by providing advertisers with aesthetically-pleasing advertising concepts and to provide users of the Airport with a safe, welcoming and comfortable environment. GAA considers the importance of advertising revenue as it is balanced against providing a safe, welcoming and comfortable environment for the traveling public and other users of the Airport.

GAA facilities constitute non-public forums that are subject to reasonable and viewpoint-neutral limitations and restrictions as set forth in this policy. The limitations set forth in subsection III(A) below restrict advertising to commercial advertising, governmental public service advertising, and advertising by community promotional organizations. The restrictions set forth in subsection III(B) below control the content of the advertising. GAA has determined that such limitations and restrictions will assist GAA: (a) in maintaining a position of neutrality and avoid the appearance of favoritism on political, religious, social, economic and other controversial issues at the Airport; (b) in maximizing the income earned from selling advertising space because some commercial and other approved entities might be dissuaded from using the same forum commonly used by those wishing to communicate political, religious, social, economic, or other controversial messages; (c) in being as self-sustaining as possible, in accordance with FAA Grant Assurances; and (d) in maintaining a safe, welcoming and comfortable environment for the captive audience of passengers utilizing the Airport, including minors, and those working at the Airport.

One of the main goals of our advertising program is to promote the region that we serve. For this reason, preference is given to those that conduct business within the state of Montana and the Greater Yellowstone Region.

This policy shall not be construed to limit or restrict the Authority's ability to identify, inform the public or promote Bozeman Yellowstone International Airport's facilities, services or tenants, or otherwise market the Airport.

II. Locations and Rates.

Advertising is recognized as an essential part of the airport's concessions; however, the display must be aesthetically consistent with the Airport's design and architecture without interfering with operational efficiencies or safety. A balance between airport advertising and other informational systems must be maintained in order to preserve visual continuity and avoid clutter and message overload. For this reason, advertising options are limited to those listed at www.bozemanairport.com/advertising. The rates are also listed; however, this rate may be adjusted as required by the Airport Authority.

All advertisements proposed on Airport property, no matter where or how placed, are subject to the written consent and approval of the Authority prior to installation. Advertising in spaces exclusively or preferentially leased by tenants shall be restricted to goods and services offered by the tenant. Within Airport owned buildings and the general aviation area, including hangars and fencing, signs and advertising shall be governed by individual lease agreements and subject to the sole judgment of the Authority.
